

VT Graduate Diversity Scholars Presents:

Campus Climate Focus Group

Thursday April 19th, 2012

4:00-5:30pm

GLC Room F

Have you ever felt like Virginia Tech could be doing more to promote diversity and inclusion or possibly that Virginia Tech does some really great things in those areas? Are there issues you have dealt with as a graduate student surrounding the current campus climate and do you have ideas on ways to improve them? Come out to this discussion on the issues of campus climate here at Virginia Tech and become a part of the solution as we take time to gauge current problems and to build a stronger sense of community for graduate students!

****Food and drink will be served, so bring an appetite and an open-mind prepared for discussion!****

Please RSVP to Bianca Baker at bbaker07@vt.edu
