Very Strongly Agree	Very Strongly Agree	Very Strongly Agree	Very Strongly Agree	Very Strongly Agree	Very Strongly Agree	Thank you so much Kristin Ulmer, you were nothing but great help! Labs were very helpful and worth going to!
Very Strongly Agree	Agree	Strongly Agree	Very Strongly Agree	Very Strongly Agree	Very Strongly Agree	Very enthusiastic and understanding. She has been very helpful, prompt on getting grades back to us, and very easy to get ahold of and personable. Not sure how effective the lab was in general, but she was a big help to making it a place were we could get help and understanding.

Very Strongly Agree	Very Strongly Agree	Very Strongly Agree	Very Strongly Agree	Very Strongly Agree	Strongly Agree	Kristin did an outstanding job. She was probably my best TA I have had thus far at BYU. She was very helpful, good at explaining hard topics, and was very prompt with feed back in emails. Her reviews were awesome and her office hours were at good times. She was never lost or stumped on a problem and always knew just what to do. She was motivating and definitely helped me succeed in this course.

Strongly Agree	Very Strongly Agree	Very Strongly Agree	Very Strongly Agree	Strongly Agree	Strongly Agree	Kristin Ulmer was a great TA this semester. The lab's were very productive and resolved most questions. The only hard part I saw was in her office hours and review sessions. They were always at the same time in the afternoon so no matter what I could never meet her in her office or go to the review sections. But the Math Lab TA's were always in the Math Lab so when I needed help I just went there
