

KECK GREENHOUSE FACILITY Request for Greenhouse Space

Once completed this form should be submitted to the [Greenhouse Committee](#) at least one month before your project needs to start. All users are expected to read and comply with the greenhouse user guidelines. Additionally, it will be necessary to meet with the Greenhouse Manager before your project begins to ensure the Worker Protection Safety (WPS) requirements are fulfilled and discuss any special needs. Primary Investigators are responsible for routine care and watering of their plants.
